...IN LIVE

Track 02 from the album « PRESS_F5 »
Lyrics by Thomas Cyrix
STARRYSKY
2015

I take my bag, I leave my life ahead
Just wanna feel the sun on my face
So much freedom everywhere in my head
It makes me strong, I can't, I cannot stay in that place

Islands in the sky, somewhere in my mind, incite me to fly, become a wind

I'm in live, I am alive, I feel alive
I'm in live, I feel alive, I am alive
I'm in live, I feel alive, I'm here to give you all I have
That's what I was born to do
To make all these dreams come true

I cannot wait no more I wanna go
I want this life, and I want it all
I'm excited by what I wanna know
I have to go, sorry, fantasy gives me a call

Yes, I remember, my true desire, my wish forever, I'm on fire

I'm in live, I am alive, I feel alive
I'm in live, I feel alive, I am alive
I'm in live, I feel alive, I'm here to give you all I have
That's what I was born to do
To make all my dreams come true

There is a little child
Still here, and holding my hand
Scared by this world, and I promised
Her to dream until the end

Islands in my mind, somewhere in the sky, makes me feel aside, and let me fly

I'm in live, I am alive, I feel alive
I'm in live, I feel alive, I am alive
I'm in live, I feel alive, I'm here to give you all I have
That's what I was born to do
To make all your dreams come true

THE FROZEN ROCK MEDLEY

Track 04 from the album « PRESS_F5 »
Disney's FROZEN cover
Lyrics by Kristen Anderson-Lopez
STARRYSKY
2015

Do you wanna build a snowman? Come on lets go and play
I never see you anymore. Come out the door
It's like you've gone away.
We used to be best buddies, and now we're not
I wish you would tell me why
Veux-tu faire un bonhomme de neige. Oui s'il-te-plait un bonhomme de neige

Love is an open door
With you,
Love is an open door

The window is open, so's that door
I didn't know they did that anymore
Who knew we owned eight thousand salad plates?
For years I've roamed these empty halls
Why have a ballroom with no balls?
Finally they're opening up the gates

There'll be actual real live people. It'll be totally strange
But wow, am I so ready for this change!

Cause for the first time in forever
There'll be music, there'll be light
For the first time in forever
I'll be dancing through the night
Pas de sens, rassure-toi, le soleil reviendra
Car je veux fêter ce renouveau avec toi ma soeur

L'hiver s'installe doucement dans la nuit, la neige est reine à son tour
Un royaume de solitude m'a placée là pour toujours
Le vent qui hurle en moi ne pense plus à demain
Il est bien trop fort, j'ai lutté, en vain

Don't let them in, don't let them see, be the good girl you always have to be
Conceal, don't feel, don't let them know. Well, now they know

Let it go, let it go. Can't hold it back anymore
Libérée, Délivrée. C'est décidé, je m'en vais
J'ai laissé mon enfance en été
Perdue dans l'hiver
The cold never bothered me anyway

Libérée, Délivrée. Les étoiles me tendent les bras
Let it go, let it go. That perfect girl is gone
Je suis là !
Comme je l'ai rêvé !
Let the storm rage on

...ENDLESS SUNSHINE

Track 07 from the album « PRESS_F5 »
Lyrics by Thomas Cyrix
STARRYSKY
2015

Once upon a time in the dark
You appeared, and you spread your light
Saving her of a permanent and sterile night
You made her a living world with this mark

The first day she was terrified
Your warm and prolific power
Touching her, lighting her, holding her, loving her
You took her to the bright side

What a nice place it's our universe
Reflections of your beams anywhere
That key of life expansion everywhere
And your touch, your kiss, all around is welfare

We are lost in darkness it's o-our curse
All alone I am a piece of coal
And you alone, you're just a burning soul
Together, we're ideal

Once upon a time in the bright
The life suddenly appeared
Cried and screamed, drave its days, it was new, and so weird
That's your descendants, and it's quite a sight

We never thinked to an ending
Too busy writing our story
We always believed in your immortality
While your time was escaping

What a nice place it's our universe
Reflections of your beams anywhere
That key of life expansion everywhere
And your touch, your kiss, all around is welfare

We are lost in darkness it's o-our curse
All alone I am a piece of coal
And you alone, you're just a burning soul
Together, we want it all !

What a nice place it was our universe
O-our shadows will rest forever
Memories now makes the dark space clearer
Here you lies now, beloved sun, and father

I am lost in darkness it is my curse
Crossing your way was a miracle
You were my love, this one who's mystical
In my eyes, it's eternal

..BROKEN BRAKES

Track 08 from the album « PRESS_F5 »
Lyrics by Thomas Cyrix
STARRYSKY
2015

I’m driving on the highway
I can’t bear a second more to stay
Speed addiction

I’m leaving my boring day
I quit the horrible job to stay
I need this sensation

A whole life made of repetitions would kill me
Want to break free
It’s my evasion
Of your previsions
I feel jailed so I floor
The accelerator

I have to stay awake
Feel the choice I need to take
This is not my home, I am lost in the deep night
I am monochrome, I can’t stand your colored lights
I grab my old backpack
I have got to change the track
A fresh, free wind is deeply cleaning my veins
Automatic drive
That’s my way to feel deeply alive

I’m flying on the freeway
I just become someone else today
Liberation
I’m not in the mood to stay
I feel like I am passing away
Escape means salvation

My real life is made of risks and constant action
Satisfaction
I'm not what you are
I’m like a jaguar
I feel void so I floor
The accelerator

Here, from the driver’s seat I see passion
And horizon
I feel confusion
Metal reflections
I feel dead so I floor
The accelerator

...YOU HAVE A MESSAGE

Track 09 from the album « PRESS_F5 »
Lyrics by Thomas Cyrix
STARRYSKY
2015

This is the end, my liberty, my history
This is the end, I'm what I wanna be
This is the end, my liberty, my victory
I apprehend what will now my life be

I will never forget that in hard times you were all behind me
I will never forget what is your legacy

That was my fight, against myself, against my fears
Feelings were right, we broke up all frontiers
Day after day, tirelessly, I straighten up
Day after day, blasting my power up !

The long night where I lived alone is now finally far away
The sun is blinding me, it's time to live my way

In your dreams
This is a message in a bottle from a bright future,
You have to know that failures will never matter

If you search for something to believe in
You don't need to go so far
You deeply know you've always been
The falling star

Now, between dreams and wakeup
When you hear my melody
This moment will never end up
Past is repeating endlessly

You're not a toy left on the shelf
All you need is to rock yourself

Don't want anymore that humanity
Stops being my family
Here I was fighting for more space
And I found here my perfect place

I believed that I wanted to stay under the halogen
Now I got it; you are my past, my oxygen

You're not a toy left on the shelf
It's now time to become yourself

GET JINXED

Track 11 from the album « PRESS_F5 »
Riot Games cover
Lyrics by Riot Games
STARRYSKY
2015

Wanna join me, come and play.
But I might shoot you, in your face.
Bombs and bullets will, do the trick.
What we need here, is a little bit of panic!

Do you ever wanna catch me?
Right now I'm feeling ignored!
So can you try a little harder?
I'm really getting bored!

Come on, shoot faster,
Just a little bit of energy!
I wanna try something fun right now,
I guess some people call it anarchy!
Let's blow this city to ashes,
And see what Pow-Pow thinks.
It's such pathetic neatness,
But not for long 'cause it'll get jinxed!

So much better, so much fun.
Let's start from scratch and, blow up the sun!
So much better, so much fun.
Let's start from scratch and, blow up the sun!

Do you ever wanna catch me?
Do you ever wanna catch me?

Come on, shoot faster,
Just a little bit of energy!
I wanna try something fun right now,
I guess some people call it anarchy!
Let's blow this city to ashes,
And see what Pow-Pow thinks.
It's such pathetic neatness,
But not for long 'cause it'll get jinxed!
Come on!
Come on!
Come on!
Come on!

And get jinxed!

BACKSTAGE LETTER

Track 12 from the album « PRESS_F5 »
Lyrics by Thomas Cyrix
STARRYSKY
2015

My dear mother, here's a few words I need to tell you
My live will start at any time
I'm afraid 'cause as soon as the magic will come true
I'll forget who I am

Songs and scene fills my need of tenderness in this life
That's the dream where I came from
My naïve illusions trapped me as their hope and wife
They are my venom

I am one other young artist
Who will fall in the mist
Here I see my own history
My quest for glory

And you know, everybody knows
I have to stay on top
Regardless my health, my only goal, my lover is called applause
That's my wish, to reach Paradise

I mean to reach your heart
It's the place where emotion lies
And don't fall apart
And I know, everybody knows

What I'm ready to bear
The loneliness, the drugs, even the overdose

I am one other young dreamer
One other believer
I transmit my own history
My hope of glory

And you know, everybody knows
I have to stay on top
Regardless my health, my only goal, my lover is called applause
That's my wish, to reach Paradise

I mean to reach your heart
It's the place where emotion lies
And don't fall apart
If I don't come back to your door

I'll meet you in your heart
Tell my family I'm happy and nothing more
